trim and detailing within the home has been made especially for the project," says Knecht.

"Heavily customized homes such as this are really our niche in the market. We like to get involved with projects early on in the design phase. Then it's our experienced sub-contractors, many of whom we've worked with for more than nine years, who provide the consistency and craftsmanship required to create these projects."

For more information, contact Northridge Builders Inc, 15 Spinning Wheel Drive, Suite 112, Hinsdale, IL 60521, phone (630) 654 3817, fax (630) 654 9730.

**Above:** Designed with a Russian Biedermeier style, the study features a chandelier hanging from the high-vaulted ceiling.

**Above left:** Northridge Builders' craftsmen created the rich detail of the study. The company has worked with many contractors for nine years or more.

**Left:** Wood paneling and a fireplace combine to give the study a traditional look.
